

“How wonderful it is that nobody need wait a single moment before starting to improve the world.” — Anne Frank

CORPORATE GIVING CIRCLE

Austin Smiles is a non-profit organization providing surgical and post surgical care for children born with cleft lip and palate in Central Texas and Latin America. Your leadership and corporate social responsibility will change lives one smile at a time.

*Creating smiles.
Improving Lives*

Over 5,000 lives changed since 1987

9415 Burnet Rd. Suite 207
Austin, TX 78758
(512) 451-9300

THE NEED: One in seven hundred babies are born with cleft lip and/or cleft palate. Children born with this condition often face one or more of these health problems: failure to thrive, feeding/eating difficulties, speech & language development, breathing & hearing impairments. Children born with this condition often experience social and emotional issues related to stigma, ridicule, and feelings of isolation.

"The day my child received her surgery, I felt like she was born again."

OUR LOCAL IMPACT: Austin Smiles Central Texas Cleft Community provides no-cost wraparound care to over 800 patients from Dell Children's Medical Center and other providers. We offer referrals, special needs assistance, parent advocacy and education. Our social and emotional programming is designed to uplift caregivers and provide inclusive, empowering opportunities for children to interact with their peers. All services are offered in both English and Spanish.

OUR INTERNATIONAL IMPACT: Austin Smiles transforms the lives of over 150 children annually, with the help of some of the best medical professionals from Central Texas and around the world. Children served are lower income and have limited access to professional, no-cost surgeries. We work closely with Latin American communities and host country hospitals to provide a continuum of care with long lasting impact. Annual medical mission trips create a sustainable service delivery model designed to treat patients as they age into adulthood. Our life changing services help children live more productive, inclusive, and fulfilling lives.
